O F F E R I N G S

Creating beautiful and unique spaces is how Greenlam started its journey. For over two decades Greenlam has been known and respected for its exceptional artistry, unsurpassed quality, and unyielding passion for excellence. With thousands of decors and surface solutions spread across laminates, compacts, decorative veneers, engineered wooden floors and doors, Greenlam has emerged as one of the foremost surfacing solution brands in the world. Its pioneering and innovative designs have won acclaim in over 100 countries with millions of delighted customers. The newness and innovations Greenlam offers, make it the preferred choice of architects and consumers. Greenlam as a responsible brand understands its commitment towards the people, planet and processes. That is why it takes all measures to ensure a healthier and a safer world. From sourcing to manufacturing to recycling, we have many stringent measures in place.

One Surface. Many Solutions.

Presenting Greenlam Compact Laminates 2023-25 Collection. It is a range of high-performance, self-supporting decorative panels packed with beauty, durability, and functionality. Hygienic to the core, it is just one product that covers all bases. From being anti-bacterial, anti-fungal, and anti-virus to scratch and fire-resistant, these laminates are specially crafted for demanding surfaces. Being extremely versatile, they are great for designing cubicles, partitions, panels, and in fact, anything else you can think of. What makes them a class apart is their robustness which makes them strong enough for both vertical and horizontal applications. All this and more make Greenlam Compact Laminates a perfect surfacing solution for all.

Greenlam AFX compact laminates are ultra matt surfaces made with the Electron Beam Curing (EBC) technology. These self-healing compact laminates surfaces are scattered with a dense grid of cross polymers. In the event of micro-scratches this grid can be reactivated with the application of heat, helping the surface to reacquire its original appearance. Greenlam AFX allows designers and specifiers to achieve the ultra matt uber look with the benefits of food contact safe, anti-fingerprint, hydro repellent, anti-mould and scratch resistant properties for wide spectrum of applications.

Made with cutting-edge technology, Greenlam Sandwich Compact Laminates surpass standards of excellence. The multiple colours lining the edges will pleasantly surprise and charm all your guests. And, to truly personalise your space, you can also choose the number of linings and different colours on each laminate so that your space reflects you.

Fashioned for the most seasoned of artistic minds, Greenlam Digital Laminates and Compacts are a range of bold designs that are digitally printed on the panels. These laminates can also be customised to craft inspirational spaces complementing your persona. Just share your photographs and designs, and we'll convert them into laminates – just the way you want them.

Greenlam Chemical Resistant Compacts and Laminates will make you forget the time when surfaces could get corroded by chemicals. They are designed to withstand the onslaught of 100+ chemicals, solvents, and bases while keeping germs away with their anti-bacterial, anti-virus, and anti-fungal properties. A more durable and cost-effective alternative to epoxy, slate, and stainless steel, trust these surfaces to protect your spaces with utmost safety and ease.

Tiles have graced your bath walls since ages. And probably that's why, they've gone out-of-date. Here's presenting, Greenlam Shower Surfaces Compact Laminates; a surface décor solution designed to make tiles a thing of history. With plenty of colours and textures to choose from, we have curated a feature-packed collection to give your bath space, a contemporary upgrade. Easy to maintain, durable, and unsurprisingly one-hundred-percent waterproof, we are here to redefine the definition of style.
